

Our District Conference would not be complete without some COOKIES! We are calling on all clubs to bring Two (2) dozen **Eat Your Greens Cookies**.

We will snack on these during our coffee breaks and while we visit the House of Friendship (HOF), where we will be “building goodwill and better friendships”. To add to the fun, we are going to have a little competition!

There will be three awards - **Most Creative, Best Tasting and Most Healthy**.

The theme for our Conference is **GO GREENville**, so we want to see your creativeness in your cookies and how you bring that theme alive in your **Eat Your Greens Cookies**. Will you bring a decadently delicious green colored cookie? Will it be cookies decorated like the earth or some other environmental message? Will you take to heart the message of how much food waste there is and use recycled or upcycled ingredients like spent grains and coffee grounds?

Be sure to attach your club name, cookie name, ingredients, and any information like ‘Sugar-Free’, ‘Gluten-Free’, ‘Contains Nuts’ that we will need to know about your cookies when you drop them off upon your arrival at conference.

Let the bake-off begin!
